I. M. SEILHAMER PRESIDENT OF LOCAL CLUBS

Irvin M. Seilhamer, junior governor of the local Moose lodge, was elected president of the Gettysburg Association of Clubs Wednesday evening at a meeting at the Albert J. Lentz American Legion Post, Baltimore St. He succeeds Robert S. Neary, also an official of the local Moose lodge.

Kenneth Dengler, president of the Elks Club, was named as vice president; Richard Fox, past commander of the Albert J. Lentz American Legion Post treasurer, and Arthur J. Roth, past commander of VFW Post 15, secretary.

The treasurer's report showed \$711.26 in the Halloween fund as a result of inclement weather during the 1956 Halloween parade locally. A number of divisions had no entries as a result of the bad weather and the amounts from the \$1,797 allocated for the parade prizes in those divisions were returned to the treasury to be used in next year's parade.

Commented By Burgess

A letter from Burgess William G. Weaver commending the Association of Clubs on its annual Halloween festivities, including the window painting contest and parade, was read. Weaver said police are convinced the activities provided the youngsters through the program of the Association of Clubs at Halloween time helped keep pranks at a minimum during the period "and in addition everyone enjoyed an excellent program."

The Association voted to aid the (Continued On Page 15)

Justice Reed Resigns From Supreme Court

WASHINGTON (AP) — President Eisenhower today accepted the resignation of Supreme Court Justice Stanley Reed, effective Feb. 25.

Reed, 72, is a Democrat. He has served on the highest judicial tribunal 19 years.

The naming of his successor will be Eisenhower's fourth appointee on the Supreme Court.

Eisenhower's other appointees are Chief Justice Warren and Associate Justices Harlan and Brennan.

The White House said it had nothing to announce at this time regarding a successor.

Retires At Full Pay

Reed turned in a letter of resignation dated today, saying he wished to retire from active service.

He is taking advantage of a provision of law which allows him to retire at full pay and subject to call for occasional service on the court if this is desired.

The White House indicated that Reed might have let the President know his intentions in advance of submission of the letter. That may have taken place at a White House reception honoring the Supreme Court on Tuesday night.

Eisenhower, in a letter to Reed, said he was taking the opportunity "to tender my congratulations on your long and splendid record in public service."

Youth Cuts Thumb With A Hatchet

Richard Claybaugh, 11, son of Mr. and Mrs. Robert Claybaugh, R. 5, was treated at the Warner Hospital Wednesday after cutting off the end of his left thumb with a hatchet.

Harry E. Price, 56, 345 Buford Ave., received medical attention for an injury to his left ankle sustained when he stumbled on Wednesday.

Harry Showers, 66, Biglerville R. 2, an employee of Robert E. Eicholtz, Biglerville, was treated after catching his right hand in a circular saw which amputated his index finger and lacerated the middle and ring fingers.

Baby Beef Club Hears Specialist

Thomas King, Pennsylvania State University livestock specialist, was the speaker Wednesday evening at a meeting of the Adams County Baby Beef Club held at the Adams Electric Cooperative building, rear of N. Stratton St.

Discussing feeding and management programs for the 39 members of the club, King told them: "Champion steers are produced by patience, effort, regularity, sanitation and enthusiasm." Sanitation, he told the group provides for quicker gains. University experiments showed steers in well bedded and clean pens gained a half-pound a day more than steers kept in pens allowed to become dirty. Forty-four, including 12 parents, attended the meeting.

King's Son Will Get U. S. Exam

WASHINGTON (AP) — Army doctors will examine 3½-year-old Prince Marush today to find out what is causing the partial paralysis that has afflicted the young Saudi Arabian since birth.

On President Eisenhower's instructions, the boy will be examined at Walter Reed Army Hospital. He arrived here yesterday with his father, King Saud, who is on a state visit as Eisenhower's guest.

The partial paralysis affects the prince's right hand and right leg.

DIRECTORS AND PRINCIPALS TO ATTEND CLINIC

A clinic for band directors and principals of high schools in the nine south central Pennsylvania counties which will participate in the Southern District Band Festival at Gettysburg High School February 7, 8 and 9 will be held in connection with the three-day festival here.

The Gettysburg Photographic Society will meet Friday evening at 8 o'clock at the REA building at the rear of N. Stratton St.

LICENSED TO WED

Clair H. Shindeldecker and Bertha M. Crist, both of Gettysburg, have secured a marriage license in Frederick.

Fortune In Diamonds Buried In Burned Out Phila. Building

PHILADELPHIA (AP) — A small fortune in diamonds lies buried in the center of the city of Philadelphia, but the shaky hulk of a burned out building stands guard over it like a dragon over some fair tale treasure.

The diamonds — \$50,000 worth — are only part of the valuable property of six jewelry firms that was buried under debris when one of Philadelphia's worst fires collapsed the interior of a four-story building on Dec. 28.

Thousands of pedestrians daily pass the rubble-strewn site at Eighth and Chestnut streets, a stone's throw from Gimbels' department store. Many joke with policemen about the diamonds they are guarding under the ruins night and day.

No Joking Matter

But it's no joking matter to the jewelry merchants, members of the diamond center of Philadelphia. They are in the role of knights in armor who want to challenge the dangerous wreckage that

W. V. REDDING QUILTS POST OF DIST. ENGINEER

Wilbur V. Redding, Gettysburg R. 3, has resigned his position with the state Highway Department as district construction engineer effective Friday to return to private engineering and surveying practice.

His letter of resignation to Joseph J. Lawler, state secretary of highways, said his position as Adams County superintendent of highways which he assumed two years ago and construction engineer which he assumed about a year ago entailed "financial sacrifice," adding, "However as you know I have a large family and I feel I must give them reasonable consideration. Having done so I find it necessary to resign my position as of February 1 and devote my time to private practice."

County Superintendent

Redding served as county superintendent of highways from February, 1955, to September 1 when he was promoted to District 8-0 construction engineer with offices in Harrisburg. He had under his jurisdiction Adams, York, Lancaster, Lebanon, Dauphin, Cumberland, Franklin, Perry and Juniata Counties.

Much of Redding's work prior to joining the state highway department was in borough engineering in Harrisburg, New Cumberland, Lemoyne, Shiremanstown, Marysville, West Fairview and Lower Allen Twp.

A surveyor for 25 years, he was employed on many housing developments in the Harrisburg area in recent years.

As construction engineer for the H. K. Ferguson Co., of Cleveland, O., in the construction of Camp Detrick, Frederick, Md., he had charge of the design and construction of the roads, railroads, streets, landscaping and entrance to the campsite.

Worked Disposal Project

Redding was the engineer in charge for the construction of the \$7,500,000 sewage disposal plant in York, completed immediately prior to his acceptance of the highway superintendency.

He was also the engineer for the Harvey Taylor bridge across the Susquehanna at Harrisburg and made the survey for the express highway to by-pass Harrisburg.

Albert V. Redding, son of Mr. and Mrs. Wilbur V. Redding, has also resigned his position as surveyor for the highway department effective the same date, to become associated with his father in the engineering field.

P. Emory Millar, 89, Dies This Morning

P. Emory Millar, 89, died this morning at 7:55 o'clock at the home of his son and daughter-in-law, Mr. and Mrs. P. Franklin Millar, New Oxford R. 1, near New Chester. He had been in failing health for some time and confined to bed since December.

He was born in Tyrone Twp., a son of the late John Peter and Eliza (Flickinger) Millar and had been a farmer in that township for many years. He was the oldest member of St. Paul's (Pines) Lutheran Church and for 40 years had been a member of the POS of A at New Oxford.

His wife, the former Mary Ann Osborne, died in 1912. Surviving in addition to the son, P. Franklin Millar, are a grandson, two great-grandchildren, and a sister, Mrs. Emma Yeagy, New Oxford.

Funeral services Sunday afternoon at 2 o'clock at the Fred F. Feiser Funeral Home in New Oxford with the Rev. Jack Gardner, his pastor, officiating. Interment in the Pines Church Cemetery. Friends may call Saturday evening after 7 o'clock at the funeral home.

Ike Asks For Immigration Law Changes

WASHINGTON (AP) — President Eisenhower today asked changes in the immigration laws so it will be easier to give haven to refugees "who have fled or in the future flee" from Communist tyranny.

In a 2,000-word special message to Congress, the President called also for general revisions of the law to allow about 65,000 more immigrants to come to this country each year. The present annual quota is 154,857 and is based on the 1920 census. Eisenhower asked quotas based on the 1950 population census.

Eisenhower also called for a redistribution of the immigration quota "in proportion to the actual immigration" from 1924 through July 1, 1955.

Should Pool Quotas

An effect of this would be to increase the number of southern Europeans and Mediterranean peoples permitted to emigrate to the United States.

This is because the number of immigrants from that area has been greater in recent years than in the earlier period on which quotas are now based.

Eisenhower said, too, that Congress should pool the unused quota numbers for Europe, Africa, Asia and the Pacific area. These would then be available on a first come, first served basis without regard to where a person was born.

This similarly would open the way for admittance of additional southern Europeans since currently the unused quotas have been those of northern European countries.

TAMBURITZANS ARE HERE TODAY

A group of 27 students from Duquesne University, Pittsburgh, promoting Southern Slavic folk music and dancing visited Gettysburg this morning enroute to Silver Spring, Md., where they will present a concert this evening.

The group, known as the Duquesne University Tamburitzaans are the current young men and women making up the organization which was founded 20 years ago.

To prepare for places in the organization, the students are required to study the Serbo-Croatian language, folk music, dances and other phases of Balkan folk culture including folk art and costume.

The Tamburitzaans' group was founded to create and maintain scholarships for students at Duquesne University "and to keep alive in America the musical culture of the southern Slav peoples." So far the group has given scholarship aid totalling approximately \$500,000 to 146 students. Walter W. Kolar, managing-director of the Tamburitzaans, said this morning. In addition to presentation of concerts, the group has also formed Tamburitza schools at McKeesport, Ambridge and Clairton. In 1950 and 1952 student members of the group visited the Balkans to study the music and dancing in its native locale.

Members of the unit in addition to their work with the Tamburitzaan outfit also carry on regular studies in education, business administration, pharmacy, music, etc., at the university. They present songs and dances, all in appropriate costume, from Croatia, Macedonia, Dalmatia, Serbia, Slovenia, Ukraine, Hungary, Poland, Austria and Russia.

Need Lodging For 27 More Band Folk

Twenty-seven additional homes are sought for the 200 student musicians who will be here February 7 to 9 for the annual Southern District Band Festival at Gettysburg High School.

Robert G. Zeigler, director of the local high school band, said Wednesday night that lodging has been found for 173 of the musicians so far. Persons who may wish to provide lodging for one or more of the students are asked to contact either Mr. Zeigler or James Feather, housing chairman for the program.

Red Cross Course Will Begin Monday

The Red Cross on Monday evening will begin a course in the home care of the sick for a class of women made up of two representatives of each parish in the Conewago Deanery of the National Council of Catholic Women.

The six-week course will be taught by Mrs. Julia Holtzworth, Gettysburg civic nurse. Mrs. George Miller of the NCCW is chairman of the sponsoring committee.

The class will meet Monday evening at the Red Cross office on Baltimore St. but following sessions will be held in the engine house on E. Middle St.

MRS. D. E. MYERS WRITES PIECE FOR MAGAZINE

Mrs. Donald E. Myers' first attempt at magazine writing led to the publication of her article on embroidery luncheon cloths in the February issue of "The Workbasket." Mrs. Myers is the executive director of the Adams County Board of Assistance and is part owner of The Silver Thimble, a needle craft shop on York St.

The luncheon cloth, which Mrs. Myers describes in her article, was made for the 50th wedding anniversary of her husband's parents, Mr. and Mrs. Lawrence E. Myers, Andoverville. The design was her own creation.

Since the publication of the article editors of "The Workbasket" have received numerous requests from readers on where Mrs. Myers' personalized cloths may be purchased. Orders for the cloths will be filled at "The Silver Thimble," Mrs. Myers said.

Personalized Cloths

Her article entitled "Personalized Luncheon Cloths" reads as follows: "I personalize luncheon cloths for a special occasion gift. For example, I recently made a cloth for a fiftieth wedding anniversary present. I used white Indian Head, 1½ yards of 54-inch material. All four (Continued on Page 11)

Emergency Aid Is Rushed To 4-State Flooded Area

By THE ASSOCIATED PRESS
Emergency aid was rushed into the Appalachian Mountain coal mining region today where thousands of persons in four states are homeless and whole towns stricken from a devastating winter flood.

High waters that left at least 11 dead in two states and damages running into untold millions of dollars raced downstream today, threatening havoc on still more communities.

The flood that swept suddenly out of the mountains into southeastern Kentucky, West Virginia, southern Virginia and east Tennessee already was recorded as the region's worst in this century if not its history.

Ask For U. S. Aid

Gov. Cecil Underwood of West Virginia last night joined Kentucky's Gov. A. B. Chandler in petitioning President Eisenhower for immediate help. Eight of the dead were counted in Kentucky and three in West Virginia.

At least a thousand persons fled their homes at Prestonsburg, Ky., where last night a fire broke out, destroying three buildings. All

SAY CORONARY DISEASE IS CRASH CAUSE

By VERN HAUGLAND

NEW YORK (AP) — The Armed Forces Institute of Pathology said today that in several otherwise unexplained airplane accidents it has found definite evidence of coronary artery disease on the part of the pilots.

An institute paper read before the Institute of the Aeronautical Sciences said that "an acute coronary thrombosis in the pilot, discovered at an autopsy, cleared up an otherwise mystifying accident."

It added that studies of the rule of pre-existing disease, in connection with air crashes, brought to light these additional ailments which apparently produced "sudden incapacitation or death" in pilots: brain tumors, a form of anemia, laryngocele and abdominal adhesions.

The paper was prepared by Air Force Col. Frank M. Townsend, deputy director of the Pathology Institute at Walter Reed Army Hospital, Washington, D. C.; and two staff members, Capt. V. A. Siembridge and Dr. F. K. Mostofi. Townsend said that the Air Force last August set forth, in a revised regulation, the detailed procedure to be followed in performance of post-mortem examinations of aircraft fatalities, and emphasized the need for autopsies on victims of fatal airplane accidents.

WILL SOON NAME TURNPIKE HEAD

HARRISBURG (AP) — Gov. Leader said today he will state soon his preference for head of the Pennsylvania Turnpike Commission, replacing suspended Chairman G. Franklin McSorley.

"There might very well be an acting chairman," Leader told his weekly news conference.

The acting chairman would serve until the court settled charges against McSorley of misconduct in office.

The Turnpike Commission selects one of its members to head the group after consulting the governor.

Meanwhile Leader said, Merritt A. Williamson, dean of the Engineering School at Pennsylvania State University, will draw a full commission salary and also will receive a partial salary from the university. The commission post pays \$13,000 a year. The chairman draws \$15,000 a year.

Leader said Williamson would act in "part time service to the university and be partially compensated for his services up there."

Even as Williamson was sworn in by James A. Finnegan, secretary of the commonwealth, McSorley's attorneys said the suspended chairman considered himself still a member and would fight his suspension.

Jimmy Harris Is Drafted By Eagles

PHILADELPHIA (AP) — The Philadelphia Eagles today opened the 1957 National Football League meeting by drafting Jimmy Harris, who quarterbacked Oklahoma to two straight national collegiate football a year ago.

The Eagles, first to select in the draft as a result of finishing last in the 1956 NFL race, immediately announced they had signed Harris, rated one of the top running quarterbacks in collegiate football a year ago.

The draft was expected to take all of today's first session of the three-day annual meeting.

SOME STOCKS LOSE

NEW YORK (AP) — The stock market was higher on balance in early trading today but some losses were taken by steels and coppers. Gains of pivotal stocks were generally in fractions. Some losses ran to around a point.

After a fairly active opening, trading became quiet.

After the strong run-up by steels in the past two sessions some profit-taking was evident. Weakness of steel scrap prices and softness in copper prices were background factors.

The **FBI** Story — by Don Whitehead

CHAPTER 22

Outsmarting the Enemy

By DON WHITEHEAD

When the FBI's counterespionage organization, SIS, was at its peak during World War II, 360 agents were assigned in Mexico, Central and South America. Nine of the 10 republics, all but Argentina, had requested that agents act as technical advisors on police matters and security.

They made anti-sabotage surveys of more than 150 industrial plants, utilities and other centers regarded as highly important to the Allied war effort. They made recommendations for tighter security.

But in all the SIS activity, there was none which produced more success, perhaps, than the battle of wits with the smugglers of platinum, an essential in electrical systems and a metal far more precious than gold in wartime.

Colombian Prize
Only five nations in the world produce platinum in quantity — Colombia, Canada, Russia, the United States and the Union of South Africa. The German war machine needed platinum badly, and the Nazis reached out to Colombia to get it because Colombia was the only one of the platinum-producing countries not at war with the Reich in 1942.

About 22,650 troy ounces of Colombia's annual platinum production came from the big dredges of the Chocó Pacifico Co. and another 12,150 ounces from some 30,000 natives who panned it from streams much like the Klondike miners panned their gold.

The United States, by agreement with the Colombian government, was supposed to receive all the country's platinum whether it came from the Chocó Pacifico Co. or from the natives.

Price Jumps
There was no difficulty about the company's production because it automatically went to the government's collection agency, but controlling the native production was the key to blocking the flow of platinum to the Germans.

And the natives in the back country were usually willing to sell to the highest bidder. The price of platinum jumped to \$2,338.10 a pound in the black market in August, 1942 — almost four times the official price.

The trails in smuggling cases reached from the wild green jungles of Colombia to a luxurious home near the smooth shores of California's Monterey Peninsula Country Club.

One day in March, 1943, the FBI radio operator in Quito, Ecuador, tapped out a long message to Washington referring to "possible platinum smuggling" by a man named Harold Ebury, said to be a British citizen, and by an Austrian who was not as discreet as he thought when he began asking about the chances of buying black market platinum. SIS agents in Quito had learned that the Austrian was an associate of Ebury, who had often been in Ecuador claiming to be dealing in wheat.

California Smuggler
As lead after lead was developed, it became clear that Ebury, living in California, was directing smuggling operations in South America. Agents trailed one smuggler from Ecuador to Argentina, by way of Bolivia to learn the smugglers' routes. He was permitted to sell the metal and it was traced to a refining firm with a German name.

The FBI closed in on Ebury on July 17, 1943. Agents found him at his Monterey Peninsula home. He ushered them into his living room and, quite coolly, talked of his world travels and his plans to go to Ecuador to establish an import-export business. The agents pressed Ebury for more details of his business activities and it became obvious to Ebury that these men knew more than he had realized.

Finally he smiled, leaned back in his chair, and said, "Yes, gentlemen, I smuggled platinum to Buenos Aires twice. I'll tell you everything. Where do you want

Native woman panning platinum on an interior river in Colombia. FBI agents, working as counterespies, helped reduce flow of this precious metal to Germany to a trickle during second World War.

me to begin?"
Ebury reckoned that during his career he had handled perhaps a half-ton of platinum. He admitted when he used the word "cloth" in his correspondence he was referring to platinum. But he denied that any of the metal, to his knowledge, was destined for the Axis.

Prison Sentence

He admitted in court that he had smuggled platinum from Ecuador to Argentina, but his action involved no crime committed in the United States. He pleaded guilty, however, to censorship violations by the use of codes in his letters, and was sentenced to serve 15 months in prison.

While SIS agents were marking the case closed, they were opening 19 new smuggling cases as a result of leads turned up in that one investigation.

In 1944, Director Hoover ordered four more SIS agents into Colombia to aid in breaking up the traffic. The agents divided the country into four operational areas and went to work. One agent's area was the wild jungle country at the foot of the Andes Mountains.

"It didn't take long to discover the smugglers had a system of sending a man around to the natives to collect the platinum panned by each of them. Then he would take it over the mountains to Ecuador and it would go out that way."

The agent learned that one group of smugglers was using a Spaniard, a truck driver, as a courier. He sent word to the Spaniard that he wanted to see him. "When the man came in, I laid

it on the table," the agent said. "I told him a new government decree called for the imprisonment or deportation of any alien found smuggling platinum. He was an alien and there was a good chance that he not only would be deported — but he would lose his home and his truck and everything else he owned."

"I told him, 'You can take your choice — you play on our team or else. He worked with us and continued his work as a courier. Through him we prevented another ring from going into high gear."

In tracing the platinum from its source to the ultimate user, SIS agents from 1942 to July 1, 1944, were able to account for all but 2,507 troy ounces of the metal and presumably that amount could have reached Germany. But the German war machine in that same period needed 137,500 troy ounces of platinum according to official estimates. Thus the Nazis were able to get less than 2 per cent of their platinum needs through the barriers set up by the Colombian government based upon information furnished by the SIS.

Mutual Security

The final accounting of the FBI's operations in Central and South America revealed that from July 1, 1940, until March 31, 1947:

A total of 887 espionage agents were identified, of whom 389 were arrested and 105 convicted; 281 propaganda agents were identified and 60 arrested; 30 sabotage agents were identified and 20 arrested. A total of 222 smugglers of war materials were identified, 75 arrested and 11 convicted. A

Rites Held For C. W. Beachem: Simple but impressive funeral services were conducted Friday afternoon at 2 o'clock at the Presbyterian church for Charles W. Beachem, 34, Gettysburg college alumni secretary, who died Wednesday noon at the Warner hospital following a major operation.

The services were conducted by the Rev. Frederick B. Crane, pastor of the church, which the deceased had served as trustee, Sunday school teacher and scoutmaster, and Dr. Henry W. A. Hanson, president of the college.

I.O.O.F. Banquet Honors Wilkey:

Two hundred members of the five Odd Fellows lodges of the county and the Mary Gettys Rebekah lodge and friends of both organizations attended the third annual banquet marking the birthday anniversary of Thomas Wilkey, founder of Odd Fellowship in America, Friday evening in the social room at St. James Lutheran church. A turkey dinner was served by the mite society of the church. The principal speaker was C. Paul Wagner, Williamsport, deputy grand master of Pennsylvania Odd Fellows. C. A. Heiges was toastmaster.

Reception Held For Newlyweds:

A reception was held this week at the home of Mr. and Mrs. Wilbur Weikert of Gettysburg for Mr. and Mrs. Paul Myers, who were married Saturday morning in Frederick by the Rev. Amos John Traver, pastor of the Evangelical Lutheran church. They were attended by Mr. and Mrs. Wilbur Weikert of Gettysburg.

Mummert-Watson: Miss Geraldine Watson, daughter of Mr. and Mrs. Roy Watson, Hunterstown, and John Mummert, son of Mrs. John Mummert, York Springs, were married Saturday evening at Westminster, Maryland, by the Rev. Nevin E. Smith in the parsonage of St. Paul's Reformed church.

Hitler "Wipes Out" German War Guilt:

Berlin, Jan. 30 (AP) — Adolf Hitler "wiped out" today, with a solemn and dramatic sentence, the German war guilt confession of Versailles.

In the next breath he told his exultant reichstag and the world that "the time of so-called surprise" from Nazi Germany is "ended."

He pledged Germany's "loyal" cooperation in the problems that beset humanity. He renounced German "isolation." He asked friendship with France.

Many Attend Roosevelt Ball: Large crowds attended the President's ball held Friday evening at the Hotel Gettysburg, the Eagle Hotel and The Savoy, West High Street.

Miss Anne Faber, daughter of Mr. and Mrs. Fred S. Faber, who was stricken with infantile paralysis several years ago, cut a large birthday cake shortly after midnight at the Hotel Gettysburg. At 11:30 o'clock Miss Faber cut the cake at the Eagles Hotel dance.

Althoff-Riley: Announcement has been made of the secret wedding of Miss Mary Catheryn Riley, daughter of Mr. and Mrs. Simon Riley, Gettysburg R. 3 and Edward Joseph Althoff, son of Mr. and Mrs. Eugene Althoff, Gettysburg. The ceremony was performed last Thanksgiving Day at St. Mary's Catholic church, Rockville, Maryland.

Begins New Duties: Miss Martha Ridinger, West Middle Street, for the last three weeks a deputy prothonotary under C. Arthur Braine to assist in the preparation of new indices at the court house, began duties Friday at the Gettysburg furniture factory.

W. A. McClean, Senior Bar Member, Dies: William Archibald McClean, 72, attorney, editor and publisher, and civic leader, died Friday evening at his home, 20 East Middle Street, after an illness of several weeks.

Senior members of the Adams county bar, Mr. McClean was

COURTESY

I don't see why courtesy hasn't earned its way into the great arts. Certainly it is worthy to be placed among the most valuable of virtues. Courtesy takes high rank in manners and though it may not be something that is learned, it is certainly a thing most valuable wherever it is practiced.

I am reminded of a store in St. Louis where they have a "Courtesy Day" when a white carnation is worn by all the employees and an extra effort is made to greet all comers and to make them feel that the store is their home for the day — and also beyond!

A line from one of Emerson's essays is apt right here. He said: "We must be as courteous to a man as we are to a picture, which we are willing to give the advantage of a good light." Courtesy is like a light. It brightens the whole day in which it is exercised. Merchants lay great stress on courtesy in their places of business. It makes customers feel welcome. It has its commercial value as well as its moral cast.

No less a personage than Mrs. Andrew Carnegie went into one of the great department stores of New York City one day as they were beginning to close. No one paid any attention to her but one young man who waited upon her and paid no attention to the passing of time she made a few purchases and thanked the chap. Later the store got a big order for her castle in Scotland — and she insisted that the young man who served her on that day in New York should execute the order. She would have none other regardless of the store's protest, because, they said, he was only an inexperienced clerk!

TROUBLED WORLD

"It is a troubled world," he said. A statement on which men agree.

But Crankmire merely shook his head:

"It was for ages long," said he.

"In ages old some sat about And criticized their fellow men. As history has pointed out, It was a troubled world back then."

"Wise Shakespeare in a famous play Dwelt for a moment on this point. He had the worried Hamlet say This line: 'The world is out of joint!'"

"Before his time the same was true; And back of him 'twas even so. Even the ancient heroes knew A troubled world was theirs to know."

"The children still unborn will learn They've difficulties come to face, And they will wait, when comes their turn: 'The world is still a troubled place!'"

For twenty years he was editor and owner of the Gettysburg Compiler, official Democratic organ in the county, and although he took an active part in politics, he never held a party or political office.

Mr. McClean, born in Gettysburg February 6, 1864, on both sides of his family was descended from the earliest and most prominent families and settlers in Adams County. Mr. McClean's ancestors settled in Pennsylvania in 1773 and soon afterward moved into the section now known as Adams county.

LOYAL ORDER of MOOSE LODGE No. 1526

James MARLOW Reports

The Associated Press

WASHINGTON (AP) — Any future criticism of Secretary of State Dulles for his handling of foreign affairs must include President Eisenhower. Eisenhower has taken on equal responsibility for whatever Dulles has done.

That's covering a lot of ground. Nevertheless, in the midst of the worst attack on Dulles in his four years in office Eisenhower has not only put his arm around him but has opened his personal umbrella over him.

Forced Into It

Eisenhower was practically forced into it. In the past few weeks, some Senate Democrats have opened up on Dulles almost violently, even to the point of suggesting he quit. As members of an opposition political party they have been almost strangely mild in their criticism for four years.

But American Allies abroad have been blasting Dulles for his handling of problems in the Middle East. Eisenhower had three choices: get rid of Dulles, back him up or stay silent.

Praises Secretary

But if he kept quiet, friends and foes at home and abroad could interpret it as a form of Presidential criticism or worse for American foreign policy, weakness in the White House. Either way this country's foreign relations would suffer.

Eisenhower apparently was bothered by things being said about Dulles — and through Dulles, about the administration's handling of foreign affairs — for he went out of his way at a luncheon with senators Tuesday to praise his secretary.

He was given his chance to elaborate at his news conference yesterday when a reporter reminded the President he had once called Dulles the best secretary in our time and asked him if he still felt the same way.

Full Backing

Eisenhower said he stood on that. But he then went further, saying Dulles has a "wisdom and experience and knowledge (in foreign affairs) that I think is possessed by no man — no other man in the world."

And he took one more step by telling the world indirectly that any criticism of Dulles should include Eisenhower, for he said:

"Secretary Dulles, to the best of my knowledge and belief — and I keep, I assure you, very close touch — has never taken any action which I have not in advance approved."

The word "action" in this sense would, it seems, have to include what has often appeared like a lack of action and a change in tactics.

MOSCOW (AP) — Czechoslovakia and the Soviet Union have agreed to increase their already close economic cooperation, emphasizing the use of atomic energy.

A communique signed after three days of high-level talks said Czechoslovakia will continue to supply Russia with uranium ore. It gave no details on the extent of uranium shipments but noted the Soviet Union is paying for the ore at a price that is "just and fair and at a level that will contribute to the development of the Czech uranium mines."

Instead, a Cairo newspaper backed by President Nasser's government said Egypt "will never consent to occupation of her territory by a single state, by a group of states or even by the United Nations itself." Egypt has demanded that Israel withdraw unconditionally from the two disputed areas.

Israel has agreed to pull out of the Aqaba area only if she has concrete assurances Egypt will not again blockade Israeli shipping through the waterway connecting the port of Eilat with the Red Sea. Israel is also pressing her own offer to administer the Gaza Strip under U. N. surveillance.

To Seek Quick Vote

The Western nations are expected to press for a quick vote on their twin resolutions when the Assembly resumes its Middle East debate, late this week or early next.

U. S. Delegate Henry Cabot Lodge Jr., who has been working on the plan with Canadian Foreign Secretary Lester B. Pearson met separately last night with the delegation chiefs from Israel and Egypt to urge their agreement.

Informed sources said backers of the Western plan have persuaded the Asian-African group to lay aside, for the time being at least, their plan to call for an economic boycott against Israel.

TAIPEI, Formosa (AP) — Chinese Nationalists today pulled out all the stops to celebrate the New Year, including a record leaflet raid on the Communist mainland.

Air Force headquarters said planes ranged over 12 Chinese provinces, a new high in the anti-Communist propaganda campaign.

NEW YORK (AP) — A threat of a lifetime in prison hangs over the Mad Bomber — in the event that he is adjudged sane and is convicted on a mass indictment against him.

The bomber, George Metesky, faces 47 counts which include seven counts of attempted murder. A grand jury returned the indictment yesterday.

SPORTS

GHS May Be Without Pair Of Vets At McSherrystown; Delone Jr. Hi. Here Friday

Coach George Forney may be forced to use a patched up lineup when the Gettysburg High School cagers meet Delone Catholic at McSherrystown Friday evening.

Tom Kitzmiller is nursing an injured right ankle and Bobby Hess a hip injury sustained in the Carlisle game Tuesday night and may not oppose the Squires. Hess also sports a mild black eye received from well-wishers following the Tuesday game when gesticulating fans crowded around the victorious Warriors.

In the event Kitzmiller and Hess are unable to go against Delone, the Warriors' chances of avenging a 67-62 setback are in the opening game of the season will be lessened considerably.

Delone is sporting a 7-6 record against the 5-7 log compiled by Gettysburg. Coach Jim Russ has a fine aggregation which was spearheaded here by Phil Staub, a 6-3 youngster, and Charley Weaver, 6-1, both veterans from last year. Other letter-winners scheduled to start include Edgar Roth and Jim Strawella.

The Gettysburg Jayvees will oppose the Delone scrubs at 6:45. Delone took a 38-36 squeaker here.

Program Here At 6:30
Meanwhile Delone Junior High comes here to battle Ned Brownlee's Braves Friday evening.

Delone opened its season Monday by dropping a 41-40 verdict to Harrisburg Catholic. Gettysburg has divided in four games.

The junior varsities will meet at 6:30.

Other scholastic activity Friday includes the following:

Adams County League — New Oxford at Fairfield, Boiling Springs at Littlestown, East Berlin at Big Spring, and York Springs at Biglerville. Girls' teams will play the preliminaries at Littlestown and Biglerville.

South Penn Junior High — Chambersburg at Waynesboro, and Washington Township at Hanover.

Canner Matmen At Home
Tonight at 7:30 the Biglerville High School wrestlers will meet Boiling Springs in a Section 2, District 3 meet at Biglerville.

Other sectional meets tonight include Central Dauphin at Mechanicsburg, Juniata at Susquehanna Township, Big Spring at Cumberland Valley, and Shippensburg at Carlisle.

Followers of the South Penn Basketball League will center their attention tonight on the Carlisle-Hershey game at Camp Curtin. The winner of that game meets Hanover Saturday evening for the first half title. If Carlisle wins this evening, it will meet Hanover at Chambersburg, and if Hershey triumphs the Saturday game will be at Central Dauphin. All wound up the first half race in a tie for first place.

Ortanna

ORTANNA — The Rev. Roger Burtner, pastor of the Ortanna EUB Church, who submitted to an operation for hernia at the Warner Hospital, is reported to be as good as can be expected.

Mr. and Mrs. Ira K. Naugle and children, Denise, Kay and Judy, spent Sunday in Chambersburg as guests of Mrs. Naugle's brother and sister-in-law, Mr. and Mrs. Ralph Zeger.

Mr. and Mrs. Edgar Harbaugh and Mr. and Mrs. Samuel Pittinger, Sabillasville, Md., visited Sunday with Mr. and Mrs. C. U. Spence.

Mr. and Mrs. Calvin Bieseker and son, Charles, and Mrs. Elsie Pishel, Hanover, spent Sunday with the former's parents, Mr. and Mrs. I. O. Bieseker.

Herbert Wetzel left Wednesday for Williamsburg, Pa., where he will be the guest of William England for several days. England and Wetzel, who are roommates at Pennsylvania State University, will resume classes at the college on Monday after spending the mid-year vacation at their homes.

Mrs. John Creager, Thurmont, is visiting at the home of her son-in-law and daughter, the Rev. and Mrs. Roger Burtner.

Mrs. Raymond Pepple was x-rayed Tuesday at the Warner Hospital for an injury, she sustained to her left knee when she fell at her home on Sunday. The x-ray did not reveal any fracture.

Danny Roth returned to Bluffton College, Bluffton, Ohio after spending the mid-year vacation with his parents, Mr. and Mrs. Arthur W. Roth.

MORE TIME FOR BOWLING
ROCHESTER, N. Y. — An 18-team bowling league at the University of Rochester has discovered the easy way to keep up with its statistical chores — team averages and individual handicaps.

The league statistics are fed into the university's giant electronic computer, which grinds out a week's records in one minute. By hand, the job took a full day.

2 FIRST HALF SCHOOL TITLES ARE DECIDED

HARRISBURG — Two first-half pennants were run up on Pennsylvania's scholastic basketball scene this week. There was one major upset and the Dist. 3 South Penn League was dumped into a three-way tie.

Scranton Central, by defeating Scranton Tch 56-52 Tuesday, took the Lackawanna League first half title.

The Golden Eagles are favored to take the district championship from defending Swoyersville which lost last week to Ashley, first half Wyoming League winner, but rebounded Tuesday with a 76-40 win over Sugar Notch.

Reading, defending Dist. 3 titlist, turned back Milton Hershey, 61-50, to win the first half of the Central Penn League.

GHS Causes Trouble

The South Penn situation developed with a surprise Gettysburg victory over Carlisle 46-42. Carlisle wound up a three-way tie with Hanover and Hershey. Playoffs may be arranged later.

Hanover moved into the tie by defeating Shippensburg, 76-62, and Hershey by beating Waynesboro, 70-61. Middletown's 75-64 loss to Chambersburg prevented a four-way tie.

Tonight Carlisle meets Hershey at Camp Curtin. The winner opposes Hanover Saturday for the title.

In Dist. 6, Altoona was upset by Westmont, 66-60.

In other western Pennsylvania action, defending Dist. 10 champion Meadville extended its consecutive league victories to 41 with a 66-36 win over Warren.

Sharon, now leading over state champion Farrell in Sect. III of the WPIAL, kept in trim Tuesday with a 64-58 victory over Erie Strong Vincent.

In the east, Chester, still in the lead for Sect. 1 honors in Dist. 1, romped past Ridley Twp., 74-56.

CONTINUE HIGH EMPLOYMENT

WASHINGTON — High industrial employment during 1956 apparently is carrying over into 1957.

The Labor Department said yesterday employers in almost three-fourths of the nation's 149 major industrial areas anticipate some additions to their payrolls by mid-March.

During 1956, the department said, employment rose in 108 of the areas with many reporting peak levels.

BUDAPEST — Soviet-supported Premier Janos Kadar declared today his Communist regime has won the "struggle for power" against the "bourgeoisie."

The government-controlled Budapest radio broadcast a speech Kadar made to party "activists" in the Budapest industrial center on Csepel Island.

It was the first time the Premier had ventured into the Csepel industrial complex, one of the centers of the October rebellion.

For his work in keeping Cincinnati in the thick of the National League pennant competition, Manager Birdie Tebbetts was voted the National League manager.

BIRDIE TEBBETTS

ger-of-the-year in the Associated Press annual poll. It was widely agreed that Tebbetts got the most from the material at hand. His Redlegs finished in third place, only two games behind the pennant-winning Brooklyn Dodgers.

Maneuvering... Improvising
...Tebbetts used keen strategy as the Reds won 91 games, far more than was expected from them at the start of the 1956 season.

Following is a situation which faced Tebbetts in a game during the early part of last season. If you were the Cincinnati manager what would you have done?

(Key: (R) right-handed; (L) left-handed.)

The Giants lead Cincinnati 3-2 in the top of the seventh at New York. Starter Ruben Gomez (R) still is on the mound for the Giants. Ed Bailey opens the inning with a single. Roy McMillan (R) is the next batter with pitcher Joe Nuxhall (L) and Johnny Temple (R) scheduled to follow.

Would you:

a. Let McMillan swing away?

b. Order McMillan to sacrifice?

c. Put in a left-handed pinch-hitter for McMillan?

Result: A — McMillan swings away and belts a home run into the right field stands scoring Bailey ahead of him. Redlegs pick up two more runs and win 6-3 (May 22).

MORE DEBATE AHEAD ON IKE'S RESOLUTION

By ERNEST B. VACCARO

WASHINGTON — Senate Democrats said today President Eisenhower's Middle East resolution faces extensive revision and at least another week of hearings.

The House made only minor changes in passing the measure yesterday by a 355-61 vote.

The resolution would enable Eisenhower to make up to 200 million dollars available for military and economic aid to the Middle East, and give advance approval for use of U.S. troops to halt overt Communist aggression there.

Another Proof

Contrasting House action with that in the Senate, Chairman Gordon (D-Ill.) of the House Foreign Affairs Committee said in a statement that the House's "overwhelming vote, within little more than three weeks after receiving the President's request, is another proof that the so-called lower body of the Congress can act expeditiously and with statesmanship to meet an urgent situation."

The Senate Foreign Relations and Armed Services Committees have been holding joint hearings off and on for the last three weeks. Chairman Russell (D-Ga.) of the latter group said today the hearings will continue at least until the end of next week and possibly into the week following. The committee then must consider amendments before acting on the resolution itself.

The senators heard Adm. Arthur W. Radford, chairman of the joint chiefs of staff, yesterday and recessed until Friday, when Secretary of State Dulles will return for more questioning.

20 Witnesses Or More
More than 20 witnesses are expected at a public hearing on Monday.

Several senators reported that Democratic leader Lyndon B. Johnson of Texas is working on an extensive rewriting of the resolution designed to meet objections from Democrats.

One group, led by Russell, favors splitting the resolution into two parts. They would vote first for congressional backing of Eisenhower's use of U.S. troops, and leave the economic phase for later consideration.

Wants It Broadened
Both Dulles and Eisenhower have said a separation of the two phases would destroy the effectiveness of the program they are advocating.

Sen. Mansfield of Montana, a member of the Foreign Relations Committee and assistant Democratic majority leader, says the resolution should be broadened.

He would have it propose establishment of a United Nations Commission to control arms shipments to the Middle East, and a committee this country to a more active course in seeking an Arab-Israeli settlement.

Trainer Finally Hits Big Winner

MIAMI, Fla. — All of a sudden Lennie Hunt is a big man in racing. He's the trainer of King Hairan who, like Needles, was foaled at Ocala, Fla., and hopes to emulate Needles by winning the Flamingo Stakes next March 2.

Hunt has been on race tracks since 1924. As a jockey he rode his first winner in 1925 at Standard Park, Ontario, on a mare called Isabel C.

He has worked for Alfred G. Vanderbilt and George Odom. His present employers, Leo Edwards and H. B. Massey, bought King Hairan for \$35,000 after his first race at Hialeah last winter. The King won \$191,575 in 1956 and Hunt, as trainer, came in for a 10 per cent share.

Noah used asphalt to waterproof the Ark. It is still a major waterproof ingredient to protect buildings and highways against weather.

OPPOSE BOOST IN FISHING FEE

HARRISBURG — Directors of the Federation of Sportsmen's Clubs have told leaders in the General Assembly they will fight a proposed increase from \$2.50 to \$5 in the residential fishing license fee.

J. William Shilling of Huntingdon, chairman of the federation's legislative committee, said the federation was recommending a \$4 fee instead.

As approved by the directors, the federation's proposal would suggest that \$1 of the increase go toward acquisition, development and maintenance of public fishing waters.

William Voigt Jr., executive director of the Fish Commission, has told the directors the \$5 fee is needed for a development program.

Charles H. Nehf, federation secretary, said he believed the \$4 proposal "reflects the majority of sportsmen's opinion throughout the state."

PILOT GLIDES TROUBLED JET ACROSS STATE

ATLANTIC CITY, N. J. — A Navy pilot with engine trouble over Philadelphia glided his jet 70 miles across New Jersey yesterday and ditched in the sea.

Capt. Robert Dose, commanding officer of Air Development Squadron 3 at nearby Atlantic City Naval Air Station, parachuted from the F8U Crusader and was rescued from the Atlantic Ocean about 4 miles off Surf City.

The supersonic jet crashed 20 miles offshore, the Navy said. "I'm sure glad to see you guys," the captain said when the crew of a Navy seaplane pulled him from the icy waters minutes after he went in.

Nine Ribbons
Dose is a veteran of 21 years in the Navy. He holds nine service ribbons and has four children.

The Navy said he was flying a routine training mission with three other pilots when his engine went dead some 50,000 feet above Philadelphia. The other pilots stayed with his disabled plane when he started his long glide for the coastline.

The captain was rescued within 15 minutes after he radioed he was bailing out.

Dose, suffering from the bitter cold of the ocean, was treated at the air station infirmary and returned to duty.

WASHINGTON — Democrat Earl Cudoff of Philadelphia was the only Pennsylvania representative voting against the Eisenhower Middle East resolution as the House passed the measure 355-61 yesterday and sent it to the Senate. Rep. Kelley, Greensburg Democrat, was not listed.

Democrat Frank Clark of Bessemer appeared in a wheel chair for the vote. He recently underwent an operation to repair an old knee injury. Clark said he expects to be walking unaided within a week or two.

LANE WINS ON TECHNICAL KO

NORFOLK, Va. — A co-manager of Kenny Lane said today the Muskegon, Mich., fighter is "ready for a title bout" and he's "prepared to post \$75,000" for a shot at the lightweight championship.

Jack (Doc) Kearns, whose boy scored a sixth round technical knockout victory here last night over Frankie Ryff of New York City in a nationally televised (ABC) bout, said, "We'll win the lightweight title, then go on against the welterweights."

Lane, ranked the No. 2 contender for the lightweight crown held by Joe Brown, had rated this rematch with Ryff — Lane won a unanimous decision in November in Miami, Fla. — the key fight in his bid to take on the winner of the Brown-Bud Smith title fight Feb. 13 in Miami.

Lane, who's now won 11 fights in a row and 46 of 51, opened a cut over Ryff's eye early in the second round. After it was reopened in the fifth and sixth rounds Referee Paddy Mills stopped the bout.

LOW MILEAGE CARS POPULAR WITH BRITONS

By STERLING SLAPPEY

LONDON — Britons are convinced that everything that goes up may not come down — the cost of gasoline for example.

That is the basic reason thousands are buying motor cars which get 44 to 100 miles on an Imperial (roughly five U.S. quarts) gallon of gasoline.

A London dealer handling the Italian Fiat 600 says:

"There is nothing like a gallon of six shilling (84 cents) petrol to convert a man from a car which gets 17 miles to the gallon to one which gets 50 to 100 miles."

Tiny Cars In Demand

Gasoline rationing struck Britain Dec. 17 as the aftermath of the Suez Canal's blocking. With shortages the price and tax per gallon went up. Part of the tax may come off when the canal is cleared, but few people expect prices to drop back to the 62 cent range of pre-Suez days.

A "baby car" usually seats three. A "small" car seats four to six, has four wheels, a four cylinder engine and gets 44 to 50 miles per Imperial gallon.

The British-made Austin A35 "small" car is in heavy demand. It costs \$1,514 and gets 40 to 50 miles per Imperial gallon.

BISONS BEATEN BY ROCHESTER
Undated AHL roundup

By THE ASSOCIATED PRESS
The Rochester Americans' prospects of celebrating their first season in the American Hockey League by earning a playoff berth look brighter every day.

The fourth-place Americans gained breathing room over pursuing Buffalo by beating the Bisons 6-2 last night at Buffalo. In the only other league game, the Cleveland Barons and the Hershey Bears battled to a 3-3 tie at Hershey.

Earl Balfour and Bronco Horvath were the Rochester heroes as the Americans opened a six-point bulge over Buffalo in the league standings.

Goals by Baron Fred Glover tied the score twice in the Cleveland-Hershey fray. The Barons just missed winning the game with 28 seconds remaining in the overtime when Dan Poliziani drilled the Hershey net but officials ruled Cleveland offside on the play.

CORRECTION
The date of the Gettysburg-Shippensburg Junior High School basketball game at which families of players and Booster Club members will be guests of the Booster Club is Tuesday, February 12. Through a typographical error the date appeared in Wednesday's edition as Thursday, February 12.

REMOVE EYE OF INJURED BOY, 13

WILKES-BARRE, Pa. (P)—Surgeons yesterday removed the left eye of an Ashley boy who along with two companions were injured when a chemical compound they had mixed exploded.

Richard Allardye, 13, of Ashley, whose eye was removed in General Hospital was the most seriously hurt of the three. The others, who suffered abrasions, were Joseph Gorman, 13, and John Kachurick, both of Ashley.

Chem Club Members
Police said the explosion occurred Tuesday night on an Ashley street. The boys and a companion, 11-year-old George Pleasko, were members of a neighborhood chemistry club and all owned chemistry sets.

Previously they had mixed chemicals to produce a brilliant red fire when the compound was lighted Tuesday night they tried the experiment again. The compound was placed in a tin can and when lighted it exploded sending part of the can and chemicals into young Allardye's eye.

SENATORS SPLIT ON PARTY LINES OVER AIR POWER

WASHINGTON (AP)—Democrats and Republicans on a special Senate subcommittee which made a sweeping investigation of the nation's airpower split squarely on party lines Wednesday in filing their report.

The three Democrats said that the United States is becoming increasingly vulnerable to sneak Russian attack and that programs to improve means of retaliation are lagging.

The two Republicans called the majority report "unduly pessimistic," and said that "our airpower and our naval strength, together with our ground forces, make us superior to the Soviet Union today."

There was no immediate comment from the Defense Department.

Meanwhile, Sen. Bridges (R-NH), told a reporter the Senate Appropriations Committee would be the final referee in questions posed by the airpower probe.

Want Latest Equipment
"The Appropriations Committee that provides the funds will have to make the final decisions after following up the information in the report," said Bridges, who is senior Republican on that committee.

"We have got to be sure that the military equipment which is placed on order is going to be the latest development in the science of offense and defense."

The majority report was signed by the subcommittee chairman, Sen. Symington (D-Mo), first man to serve as secretary of the Air Force, and Senators Jackson (D-Wash) and Ervin (D-NC).

Sen. Saltonstall (R-Mass), ranking Republican on the Armed Services Committee, presented the minority report. It was concurred in by former Sen. Duff (R-Pa.), who was a subcommittee member when the hearings took place from April to last year.

OKAY PROBE OF UNION RACKET

WASHINGTON (AP)—The Senate Rules Committee approved unanimously Wednesday a resolution to authorize a nationwide \$350,000 Senate investigation of alleged racketeering in labor unions and industry.

The decision was announced by Sen. Hayden (D-Ariz.), acting chairman of the committee, after a closed meeting which lasted less than an hour. The resolution now goes to the full Senate for a vote, perhaps later today.

The measure would create a special eight-member bipartisan committee, which Sen. McClellan (D-Ark.) is expected to head, with broad authority to conduct the yearlong investigation.

Hayden said some "clarifying amendments" to the resolution were approved and the \$350,000 budget authorized without a dissenting vote in the committee.

CONFESSION OF GIRLS' SLAYING CONTRADICTED

CHICAGO (AP)—Contradictions in a Skid Row derelict's confession that he and a companion killed the Grimes sisters were disclosed Tuesday at an inquest into the girls' deaths.

Medical evidence was reported by authorities to indicate the girls may have died within hours after their disappearance from home Dec. 28.

Edward (Bennie) Bedwell, illiterate 21-year-old Skid Row dishwasher, has confessed he and a man he knew only as Frank killed the Grimes sisters, Barbara, 15, and Patricia, 13, on Jan. 13.

In the confession reported by Sheriff Joseph Lohman, Bedwell said he and Frank stripped the girls and dumped them in a snowbank southwest of Chicago after they resisted their advances. The sisters' nude, frozen bodies were found Jan. 22 near suburban Willow Springs.

Had No Alcohol
Bedwell's confession related he and Frank had been with the sisters a week, drinking with them in Skid Row bars and living with them in cheap hotels.

Coroner Walter E. McCarron said a preliminary report by Dr. Walter Camp, state toxicologist, showed tests of the girls' tissues

showed no evidence that they had consumed alcohol.

He said the tests also disclosed Barbara's stomach contents matched food eaten at home Dec. 28 the night she and Patricia left home to go to a movie, and disappeared. The stomach of the younger girl was empty, McCarron said.

No Marks Of Violence

Dr. Camp was asked if the stomach contents indicated that the girls died shortly after they disappeared.

"The only alternative would be that they ate the same food again just before they died — and that is very unlikely," he said.

Bedwell's confession related that he and Frank and the girls had eaten hot dogs shortly before they drove into a wooded area where the girls were knocked unconscious and thrown into a snowbank.

Pathologists have reported they did not find marks of violence on the girls' faces.

Senate Confirms New Appointments

HARRISBURG (AP)—The Senate Tuesday night confirmed these appointments by Gov. Leader:

Pennhurst State School Board—H. Stanley Witwer, Elverson; Clarence A. Kulp, Pottstown; Mrs. Agnes Speakman, Glenmore; Samuel Himmelstein, Philadelphia; William F. Hohl, Pottstown, and Harvey Haldeman, Chester Springs.

Cheyney State Teachers' College—Dr. Walter H. Mohr, Newtown; Mrs. Anne Walton Pennell, Moulton, reappointed; Lancelot Tynes, Philadelphia.

Lock Haven State Teachers' College Board—John F. Marshall, Lock Haven.

If a candle is too large for the opening in a candlestick, try this: dip the base of a candle into very hot water; when the wax melts, press it gently into the holder.

CALLS CINDER STORY "DREAM"

HARRISBURG (AP)—Atty. Gen. Thomas D. McBride today sought the person who he said, "dreamed up" information leading to a short-lived investigation of sale of cinders to the state involving the father of Gov. Leader's secretary.

"I would like to know who dreamed this up," declared McBride. He said H. R. Randall, Ashland coal operator, was innocent of any conflict of interest in the sale of 10,000 tons of cinders to the state for \$19,900.

McBride said the investigation of the cinder sale is "completely at an end," but added he is still looking into whether information leading to the investigation was deliberately planted in an effort to discredit David V. Randall, the governor's secretary.

"I will run that down," he said, "but results depend on my access to persons delivering the information."

The investigation of the cinder sale arose as a result of a statement by Rep. H. G. Andrews (D-Cambria) that perhaps Helen Randall, David Randall's wife, had

an interest in the Y & S Trucking Company which bought the cinders and resold them to the state on a competitive bid for \$1.99 a ton.

Youngest member of the Cincinnati Redlegs is 18-year-old bonus shortstop Bobby Henrich from Compton, Calif. He will be 19 Dec. 24, 1957.

SOVIET SENDS FRANTIC SOS ON FLAT FEET

CHICAGO (AP) — A magazine advertisement of 30 years ago has just prompted a Soviet citizen to dispatch a frantic S.O.S. to America for arch supports to buttress a girl friend's flat feet.

The letter, from V. K. Tishchenko of Moscow, was in slightly flawed English and took a circuitous route before reaching the Scholl Manufacturing Co. here.

It first went to the firm's London branch because, the letter explained, "I have read the address in the 'Strand Magazine' (a British publication) of 1926 June."

"I suppose that it is possible to do a mistake as 30 years have passed and the company could change its address. In such case I supplicate you to... while its address to me, you see?"

The Russian requested a booklet offered in the ad advertisement "because I am very much interested in the method of correcting flat feet. Besides there are a girl I know well who have such feet and I should like to help her."

"It's of great importance to me," Tishchenko concluded. "In heaven's name do it, please."

Co-ed's Death Is Ruled As Suicide

CARLISLE, Pa. (AP) — The Cumberland County coroner has ruled the death of a 19-year-old co-ed at Dickinson College a suicide. Dr. Edward A. Haegele said a stomach analysis showed cyanide poisoning.

Haegele made the ruling yesterday in the death of May Der, found dead in bed at her Carlisle home Tuesday afternoon. Haegele said friends reported the girl had been despondent but that he had not determined the exact cause for her action.

She could have obtained the poison from the college chemistry laboratory, Haegele said. She was a science student.

PIANIST GETS CRITICS' RAVES; CHILD PRODIGY

By WOLF HEYEN

MUNICH, Germany (AP) — In the mind of Bach, Beethoven and Brahms, a little six-year-old American girl is getting rave notices as a pianist.

Of Giorgia Bender, daughter of a retired U. S. Air Force colonel, German critics have written: "She is a wonderful prodigy." "She is a new starlet of the heaven of music."

A miracle of musical memory with striking deep musical expression.

And, one newspaper noted, she is a bit temperamental, refusing to perform if the piano is not to her taste.

Giorgia is the daughter of James L. Col. and Mrs. George P. Bender, who live at nearby Dissen. He retired in Bavaria, he said, because he finds his Air Force pension goes further here.

No "Home Town"

The child was born in Ohio. Her parents have been on the move so much that they no longer have a "home town." Mrs. Bender is a sister of Frank Ricciardi, a New York opera singer who lives in Badminton, N. J. Col. Bender's family lives in Reading, Pa. Giorgia started learning to play the piano at the age of 3 1/2. Her first teacher was her mother. Now she is under the guidance of Prof. Richard Trunk, 73, who composed a "Musette for piano" as a present for his star pupil when she was six a few weeks ago.

The curly-haired little girl has performed here several times and her mother says that three more concerts are scheduled.

She plays eleven classical pieces without notes. "It's hard to imagine" one critic wrote, "how little fingers can handle such difficult music."

HARRISBURG (AP) — Gov. Leder, in a conference with legislative leaders which he termed "a very friendly get-together," made tentative plans Tuesday night to submit his budget next Tuesday.

Speaker W. Stuart Heim (R-Armstrong), who attended the executive mansion conference, said the budget discussion did not go beyond the tentative date.

Heim said an agreement was reached that administration bills considered likely to be controversial would be given bipartisan sponsorship.

TRADES UNION CLIQUE PERILS LABOR MERGER

By NORMAN WALKER
MIAMI BEACH, Fla. — A building trades union clique apparently spearheaded by the embattled Teamsters Union threatened today to break up the AFL-CIO merger.

The building trades group, claiming about 3 million of the AFL-CIO's 15 million members, suddenly stirred up a long-quiet revolt into a red hot fight against former CIO unions for job rights.

The Teamsters Union — largest AFL-CIO affiliate currently in dutch with Congress for advising its officers they would lose nothing avoiding testimony in labor racket probes — seems to be stirring up the building trades into action.

This Spells "War"
Teamsters Vice President James R. Hoffa of Detroit, the union's midwest boss, has been a major figure in most building trades meetings planning the revolt.

The latest development came in a statement by the building trades group that it will seek to "regain work now being performed by other organizations." This spells "war" to most former CIO unions. Unions of both the former AFL and former CIO have conflicting jurisdictional authority in their charters — power to assign members to work.

Hoffa States Plans
As Hoffa put it to reporters, "We are out to recapture members the CIO crowd got that we ought to have."

Hoffa went on to say the teamsters hope to reorganize the building trades along Teamsters Union lines where power is concentrated regionally and by areas rather than in locals.

This idea was seconded by a building trades announcement from Peter Schoemann, president of the Plumbers Union, who said the trades group has "adopted plans to strengthen and enlarge" its organization "in order to protect and enlarge its rightful charter jurisdiction."

See "Diversion"
There were some suggestions the teamsters' organization was stirring up the building trades fight as a diversionary tactic to the criticism attached to team-

Journalism Frat Elects Officers

HARRISBURG (AP) — The Central Pennsylvania Chapter of Sigma Delta Chi, national journalism fraternity, elected Rollin C. Steinmetz Tuesday night as president.

Steinmetz is city editor of the Lancaster Sunday News. He succeeds James R. Doran, editor of the Harrisburg Patriot-News newspapers.

John Paget, Harrisburg Bureau manager for International News Service, was elected to succeed Steinmetz as vice president.

Re-elected were John F. McNichol, associate city editor of the Williamsport Sun-Gazette, treasurer; and Richard H. Hoenig of the Harrisburg Staff of The Associated Press, secretary.

Steinmetz's officials refusing to testify before congressional labor racket investigators.

George Meany, AFL-CIO president, acted in a peace-makers role in refusing to docket the jurisdictional squabble on the winter meeting schedule of the AFL-CIO executive council.

But the feud between the former AFL building trades unions and former CIO factory workers unions was steaming toward an expected showdown.

David J. McDonald, president of the million-member former CIO Steelworker Union, pressed the council to stop a nationwide boycott by Sheet Metal Workers, former AFL, on products made by steelworkers and which are being installed in construction projects.

Similarly, the Auto Workers, formerly CIO, asked continued AFL-CIO opposition to construction of a private utility firm's atomic power plant in Michigan. Building trades unions want the \$3 million dollar plant completed.

Also, building trades unions have vetoed a second peace pact offered by Meany to solve job rights reuds in construction work around factory sites. Former CIO unions claim the work, too, but accepted Meany's plan to put such job arguments up to arbitration.

All this spells a crucial fight between the rival former AFL and CIO factions, but Meany was meeting the situation calmly and seeking to avoid a showdown and work out some peaceful solution. It was doubted that a break could be avoided, however.

ABA PRESIDENT SEEKS TO SAVE JURY SYSTEM

PITTSBURGH (AP) — The president of the American Bar Assn. seeks a halt to what he calls a growing tendency to eliminate jury trials.

David F. Maxwell last night told a meeting of the Pennsylvania Bar Assn. that if the incidence of non-jury trials increases the fundamentals of the English Common Law will be endangered. He added:

"I do not believe it is necessary to eliminate trial by jury in order to speed up the administration of justice."

Out Of Politics
"Yet in the last half century whole segments of the jury trial system have been splintered off. . . . Bit by bit there has been a whitening away of jury jurisdiction."

Maxwell also said the nation's lawyers must take steps "to see that our judges are completely divorced from politics," adding: "Judges should be chosen on the basis of their qualifications irrespective of their political affiliations. Once on the bench, they should not be obliged to enter the political arena to seek re-election."

Back "Comparative Negligence"
Earlier, delegates to the association's 61st annual meeting rejected by a 114-74 vote a resolution that would have recommended abolition of the present contributory negligence ban and substituted "the comparative negligence doctrine."

Under present law, claimants for damages in Pennsylvania are barred from any recovery if it can be established that they are guilty of contributory negligence, regardless of degree.

Gilbert Nurick, chairman of the Civil Law committee which drew up the resolution, explained that under the comparative doctrine, contributory negligence would not be a bar to recovery. He added, however, that the amount of damages recovered would be reduced proportionately to the amount of negligence attributable to the claimants.

Pennsylvanian Is Killed In Crash

FT. DEVENS, Mass. (AP) — A Pennsylvania man was one of two officers killed in an L20 Beaver Army plane crash in thick woods near here yesterday.

Army officials identified him as 1st Lt. Richard B. Collett, son of Mr. and Mrs. Bart Collett of Trucksville, near Wilkes - Barre Pa.

Also killed was Capt. Clifford D. Tresidder, whose address was withheld pending notification of kin.

WILSON FACES MORE QUESTIONS

WASHINGTON (AP) — Secretary of Defense Wilson faces stiff questioning in Congress on his charge that some of those who enlisted in the National Guard during the Korean War were dodging the draft.

President Eisenhower told a news conference yesterday the secretary had made a "very... unwise statement." But Eisenhower backed Wilson's contention that all new Guard recruits should take six months of active basic training.

Meantime, Wilson was invited to appear as the opening witness Monday at a House Armed Services subcommittee hearing on all reserve programs, including the Guard.

Chairman Brooks (D-La.) said Wilson was invited to "give the subcommittee an elaboration on your views concerning the National Guard, the role the members of that organization have played in the past and what may be expected of them in the future."

WASHINGTON (AP)—The Wilkes-Barre, Pa., Army induction center will not be closed and merged with the one at Harrisburg, Rep. Flood (D-Pa.) said Wednesday.

Flood said the Department of Defense informed him of the change in plans after he contacted Asst. Secretary of Defense McNeill and requested that the proposed merger be given further consideration.

Some 17 million acres of arid land have been brought under irrigation in India during the last five years, says a government report.

FIRST EDITION FOUND

MILWAUKEE (AP) — Rummaging through a box of books donated to Marquette University, librarians found a first edition pamphlet of Robert Frost's series of poems.

"A Boy's Will."
William B. Ready, Marquette's head librarian, says only a few copies of the New England poet's pamphlet were printed. Ready estimates a single copy is worth about \$250.

King Saud Is Rich Ruler Of Impoverished Arab Country

By TOM HENSHAW
The Associated Press

His name is Saud Ibn Abdul-Aziz Ibn Rashid and he is now visiting in Washington.

He's an eastern potentate; absolute ruler of some seven million impoverished Saudi Arabian subjects in an 870,000 square mile kingdom often described as a desert of sand on a sea of oil.

From oil he gets his income, royalties estimated at 200 million dollars a year, which he spends with personal lavishness while his people live in squalor.

He's an Arab and a Moslem. Mecca and Medina, the holiest of Islam's holy places, lie within his realm. He has the Moslem's hatred of Israel. He thinks of the Jewish state as a "cancer" in the Arab world.

Impressive Figure

Physically, King Saud is an impressive figure. He stands a heavyset 6-foot-6. He wears flowing robes and a headcloth bound in gold. He also wears gold-rimmed glasses to overcome his nearsightedness.

Highpoint of his U. S. visit will be a chiefs-of-state discussion of Middle Eastern problems with President Eisenhower.

The trip marks his second visit to the United States; his first as King of Saudi Arabia.

The last time Saud, then crown prince, visited the United States was in January, 1947, when he and President Truman talked about "petroleum and Palestine." The same subjects are hot topics today.

Saud is the eldest survivor

MT. PLEASANT PAID OFF LAST OF DEBT IN '56

among the 40-odd sons of King Ibn Saud, who forged a single nation out of warring tribes and petty states with a flashing sword and native shrewdness.

The current Saud, so the story goes, was born in Kuwait sometime in January, 1902, on the very night his father and a small band of supporters stormed and captured Riyadh, which became Saud's capital.

Served As Aide

Saud was a trusted aide to his father during the campaigns that unified the Arabian peninsula but it was not until 1933 that Ibn Saud proclaimed him heir apparent.

He succeeded to the desert throne on the death of his father in 1933 after the 73-year-old, one-eyed Ibn Saud made him and his brother, Feisal, swear on the Koran, the Moslem Bible, never to oppose one another.

Brother Feisal is crown prince and heir apparent, chosen by the sons of Ibn Saud, who ignored King Saud's own sons. The kingdom is more a family corporation than a personal monarchy.

Saud maintains some 24 personal palaces and more than 300 princes of royal blood on an income derived chiefly from oil royalties paid by the Arabian American Oil Co. (Aramco).

Unbalanced Books

He is generally believed to spend more than he receives and has never published a statement covering personal or state finances. It has been estimated the Arabian king has spent more than \$ billion dollars since World War II.

Saud once lavished nearly a million dollars worth of jewels on the queen of Iran and he tipped \$400 for a cup of tea during a visit to Simla, India.

At the same time, the average income of the Arabian people is estimated to be less than \$50 a year and the Anti-Slavery Society of London calculates a quarter of a million Arabs live in slavery.

Calls Montese Death An Accident

VENICE, Italy (AP) — A young policeman testified today that Wilma Montesi, the girl he was engaged to wed, was "a good girl" and that her death "must have been an accident."

Angelo Giuliani thus supported testimony given yesterday by Wilma's parents, Rodolfo and Maria Montesi, that their daughter did not lead a double life before her death in 1953.

MT. PLEASANT PAID OFF LAST OF DEBT IN '56

Mt. Pleasant Twp. paid off the last \$10,000 of its debt and still ended 1956 with \$13,780.95 in the bank, according to the annual report of its auditors filed with the county clerk of courts.

The report also showed that the street lights in Bonneauville, installed during the year, proved "profitable" to the township. Taxes brought in \$620.74 for the light fund and expenditures totaled \$460.32 leaving a balance of \$160.42. The residents of Bonneauville pay a special tax based on front footage to meet the costs of the community's street lighting. The account will eventually "come out even," with income equalling outgo.

Payment of the last \$10,000 in bonds concluded the special fund that the township had carried for that purpose for many years during which the governmental division was in debt for its share of the improvement of the Gettysburg-Hanover Rd. through its area.

Breakdown On Costs

General fund income included a balance of \$6,355.75 at the beginning of the year, \$6,178.99 in current year's taxes, \$709.49 from prior years taxes, \$2,906.50 from the current \$5 per capita tax on the township's 1,171 taxpayers and \$803.25 from prior year's per capita taxes. Other income included \$600 from liquor taxes, \$90 fines, \$55.50 rental of road machinery, \$15,807.94 state aid, \$2,707.82 county aid, and other minor miscellaneous items which brought total income to \$38,184.96.

Expenditures included \$1,917.01 for general government, \$11,377.18 for highways, \$1,109.92 miscellaneous and the \$10,000 paid off on the bonds leaving a balance at the end of the year of \$13,780.95.

Organization of boards for 1957 as listed in the report was: Supervisors, Joseph J. Todd, New Oxford R. 2, chairman; L. V. Wagaman, Gettysburg R. 5, secretary-treasurer; Gerald P. Topper, New Oxford R. 2, member; auditors, Joseph B. Orndorff, Gettysburg R. 5, chairman; Robert H. Adams, Hanover R. 4, secretary, and John W. Murren, Hanover R. 4, member.

The township has 44.85 miles of road of which, two miles were improved during the year. It also maintains one wooden and 12 stone arch bridges.

sides were hemmed. In each corner I embroidered a wedding bell (out-line) and within the bell the current year and the anniversary year. These I did free hand with a pencil, lightly and then embroidered over the pencil marks. Each corner bell was then connected by embroidery to the other corner with the couple's names in script. I've found these to be very much admired as well as useful. Depending upon the materials used and time spent, they sell for \$5 and up. The hemming can be done by machine or hem-stitched, and the embroidery by hand or by machine."

YOUNG WOMAN ADMITS HOAX

The story a young woman told of having been beaten and thrown from an automobile on the Han-over-Baltimore Hwy. a short distance south of the Pennsylvania-Maryland line Saturday evening was described by police today as a hoax.

The woman, 19, whose name has not been disclosed by police, was picked up by Maryland State Police and removed to the office of a Manchester, Md., physician and later to a Baltimore hospital. Subsequently she was taken to the Carroll County Jail at Westminster pending investigation. Upon completion of the inquiry, she was released.

The woman was placed by Maryland state police on a bus at Hampstead Tuesday with instructions to return to her home at Knoxville, Tenn. She had a bus ticket to Knoxville with her when found Saturday evening.

Hanover Chief of Police John S. Berkheimer said Wednesday that after a complete investigation of the case he and First Sgt. Champ Zumbum, of the Randallstown detail of the Maryland State Police, were in agreement that the story the woman told was not true.

A detailed investigation revealed that the woman, described by police as a frequent user of bars, left the automobile of a male companion Saturday evening of her own accord. Police said they are convinced she was fully attired when she left the car. When she was found by a motorist she was unclothed and her apparel was scattered along the road nearby. At the time she was found she was described by investigators as having been semi-conscious.

WASHINGTON (AP) — President Eisenhower today designated flooded eastern Kentucky as a "major disaster area."

Eisenhower acted in response to a telegram from Gov. A. B. Chandler.

NAMES BATT TO CABINET POST

HARRISBURG (AP) — Gov. Leader today named William L. Batt Jr., a former federal economist, to replace John R. Torquato as head of the State Labor and Industry Department.

Batt, currently head of the Toledo, Ohio Industrial Development Council, is a former Pennsylvania who was an executive of SKF Industries in Philadelphia. He was an unsuccessful Democratic candidate for Congress in 1946 from Montgomery County.

Leader told his news conference that he consulted Sen. Joseph M. Barr, state Democratic chairman, as well as top labor leaders of the state on the selection.

The governor said he "does not think (Batt) would be obnoxious to the (Democratic) organization."

"MIKE" HELLER BURIED

Reynolds "Mike" Heller, 70, Steel-ton, formerly of the Wexville area, who died in the Harrisburg Hospital Tuesday morning, was buried this afternoon in the Wexville Cemetery. Services were held at 2:30 o'clock at the Dugan Funeral Home in Bendersville with the Rev. Eugene Steiner officiating.

The pallbearers were Lloyd Orner, Ray Taylor, Lloyd Kuhn, Charles Showers, Mervin Starnier and Waybright Black.

NEW YORK EGGS

NEW YORK (AP) — (USDA) — Wholesale egg selling prices were about steady today. Receipts 12-200. Nearby whites: Top quality (48-50 lbs) 40-43; mediums 38-39; smalls 32-33; Browns: Top quality (48-50 lbs) 38-40; mediums 35-36; smalls 31-32.

PALERMO, Sicily (AP) — Several hundred inmates of Palermo prison rioted last night and today and a life-term prisoner was killed by police who used guns and teargas. Five other rioters were injured and about 10 policemen and guards suffered injuries from tiles which the prisoners ripped from the roof and hurled into the courtyard.

CUT ESTIMATE OF STATE SALES TAX REVENUE

HARRISBURG (AP) — Gov. Leader today made a balance sheet on taxes showing the administration has scaled down its estimates of sales tax revenue by more than one-third.

The 3 per cent sales levy is now expected to yield 205½ million dollars as of May 31, the end of the commonwealth's current two-year fiscal period.

The previous estimate was 319½ million dollars and was made shortly after the tax went into effect last March.

Leader, at his weekly news conference, also said he expected a report from a group of private consultants hired by the commonwealth to review the administration of the sales tax law.

Declines Comment

A newsmen asked him whether Charles Seligman, who now heads up sales tax collections in the Revenue Department, has been criticized by the consultants.

"Somebody is dreaming up that one," Leader replied. "I won't comment on that."

But Leader made it plain after insistent questioning that there will be changes in the sales tax administration. He declined to discuss what he had in mind.

BEDWELL SAYS CONFESSION TO SLAYING IS LIE

CHICAGO (AP)—Edward (Bennie) Bedwell, illiterate young Skid Row dishwasher, says he did not kill the Grimes sisters and the lengthy statement he gave to sheriff's officials admitting the slayings was a lie.

Bedwell testified in Criminal Court yesterday that he signed a 14-page confession after four days of questioning because "the sheriff's men beat and kicked me."

The 21-year-old derelict retracted the confession at a hearing on a writ of habeas corpus before Chief Justice Wilbert F. Crowley.

His attorney, David E. Bradshaw, demanded that Bedwell, who is charged with the murders of the Grimes sisters, Barbara, 15, and Patricia, 13, be admitted to bail on the ground that his purported confession is obviously false.

Hearing Is Recused
Bedwell was on the witness stand when the hearing recessed until today.

In the statement which Sheriff Joseph Lohman said Bedwell signed, the Skid Row drifter related that he and a companion named "Frank" had taken the Grimes sisters on a week-long sex and drinking spree.

On the night of Jan. 13, the statement said, they beat the sisters and dumped their bodies alongside a rural road southwest of Chicago. Their nude, frozen bodies were found Jan. 22. The girls had been missing from their home since Dec. 28.

In his testimony yesterday, Bedwell said he had never seen the Grimes girls. He said he and "Frank" had taken out two girls of Indian descent, who have verified Bedwell's story of the double date.

SENATE PROBE WILL EXPOSE LABOR GROUP

WASHINGTON (AP)—Sen. Ives (R-NY) said today the newly created Senate committee to investigate racketeering in labor unions and industry will expose crookedness "wherever we may find it."

Western officials of the Teamsters Union, quickly promised to cooperate.

The Senate voted unanimously yesterday to place the inquiry in the hands of a bipartisan eight-man special committee, which is expected to name Sen. McClellan (D-Ark) as its chairman, and Ives as vice chairman.

Will Meet Soon
Vice President Nixon, who appointed the members, must set the date for its first meeting. McClellan and Ives indicated they expect he will call the meeting soon.

Members said privately they expect the new committee to start its probe with another look at affairs of the teamsters, on which the Senate investigations subcommittee already has started hearings.

And teamsters officials who had challenged authority of the subcommittee said last night they would cooperate with the new group.

URGE TOLERANCE OF ALL RACES

ATLANTIC CITY, N. J. (AP)—Lutheran churches today are pressing a new, nationwide project to help congregations take in all people in reach — whatever their color or background.

The job of bringing in those of "varying cultural heritages" was described as "one of the great missionary frontiers of our generation" in a report compiled for the National Lutheran Council.

It dealt with a newly organized program of "intercultural outreach" to promote integration in congregations of races and other differing groups.

Churches, the report said, must cope with "the breakdown of the cultural islands of yesterday," and learn to embrace all groups in the new "shifting, melting pot of society."

The Rev. Dr. H. Conrad Hoyer, of Chicago, head of the council's American Missions Division which prepared the report, said the proportion of racially mixed Lutheran congregations has increased from 2 to 6.2 per cent of the 16,000 total in four years.

CLAIMS NOBODY IS "TAPPING WIRES"

HARRISBURG (AP)—State Atty. Gen. Thomas D. McBride says that "nobody in the Justice Department is tapping wires" and that electrical equipment referred to by the Senate Republican floor leader was purchased for use in state institutions and forestry camps.

McBride made the statement yesterday about a Justice Department \$6,972 purchase of electronics equipment. Sen. Rowland B. Mahany has said the equipment

could be used for wiretapping. "To tell the truth, I have made inquiries and have not found any-

thing on it," McBride said. Have Tape Recorders Arthur B. Praske, director of

the Bureau of Corrections, said "we have tape recorders for use in connection with our prisons, but

there's absolutely no wiretapping. I don't believe in that." Mahany made his comment Monday after the introduction of

legislation by Sen. Harry E. Seyler (D-York) to outlaw wiretap-

ping in Pennsylvania. Mahany said the Justice Department had bought "several thousand dollars

worth of wiretapping equipment." State Treasurer Weldon B. Heyburn confirmed the purchase.

NEW BRIDGE ON ROUTE 11 BEING STUDIED BY PA.

HARRISBURG — The State Highways Department said today it is considering the construction of a new bridge to carry U.S. 11 across the Susquehanna River in the area of Dauphin.

"Under this plan," a department spokesman said, "the Carlisle road, or U.S. 11, would run along the east bank of the river from a point south of Harrisburg to the new bridge where it would cross to the west shore."

The route now runs entirely along the west shore of the Susquehanna River.

"This plan is under study as are many other proposed route changes which will bring U.S. 11 into the federal interstate highways network," the spokesman said, adding:

Report In Several Months

"The study on this particular section of the route has been underway for several weeks at the request of the U.S. Roads Bureau. However, we don't expect to have a report on this section for several months at least and even then it will have to be approved by the federal bureau before it can even advance to the drawing board stage."

U.S. 11 from the Maryland border to the New York border in northern Pennsylvania has been approved for inclusion in the federal network.

Mrs. Mary Williams, Jersey Shore, was a weekend guest at the home of her nephew, Charles Chubb and Mrs. Chubb.

HARRISBURG — The Public Utility Commission has approved a seven-million-dollar bridge planned by the Highways Department to cross the Susquehanna River between South Harrisburg and Lemoyne.

The span would link major routes east of Harrisburg with those west and south, providing a bypass of the city.

Judge Named To Replace Walker

PITTSBURGH — Judge Abraham H. Lipez of Clinton County today was named a temporary replacement to the Centre County Common Pleas Court bench to succeed Judge Ivan Walker, a victim of a fatal heart attack. Judge Walker, a native of Bellefonte, fell dead Tuesday while addressing a session of the Pennsylvania Judicial Conference at a downtown Pittsburgh hotel. He was 64.

The order naming Lipez was signed by Chief Justice Charles A. Jones of the Pennsylvania Supreme Court.

Lifer Willed \$10,000 Estate of Murderer

FLORENCE, Ariz. — Tom Sisson, oldest inmate in the state prison when he died last week at 86, left an estate of almost \$10,000. He willed the money to a fellow prisoner.

Former warden Alva Weaver, the executor, said the money was saved from a pension as a U. S. Army scout in the 1880s.

Sisson was sentenced to life in 1918 for the murder of three officers who attempted to arrest him and John Powers in a mountain hideaway for World War I draft dodging.

Powers, who inherits the \$10,000, is in for life, too.

News Of Emmitsburg And Vicinity

EMMITSBURG BY-PASS WILL GET LATE START

It will be at least two years before any contract work can start on the Emmitsburg by-pass, State Roads Commission officials have informed representatives of the Emmitsburg Chamber of Commerce.

Thurmont, Emmitsburg and Lewistown are scheduled to be bypassed by a reconstructed U. S. 15 north through Frederick County, which the roads commission had planned to make a dual highway. The Thurmont by-pass has been contracted and is now under way.

The Emmitsburg Chamber of Commerce has been interested in having the proposed by-pass come as close to the town as possible.

Last week, President Curtis R. Bucher, of the Emmitsburg C. of C., and Cloyd W. Seiss, Arthur Elder and Clarence G. Frailey appeared before the roads commission in Baltimore to discuss the matter.

Ask Nearer Cut-Off

The roads commission contemplates a by-pass of the town which would start off Toll Gate hill south of Emmitsburg and swing to the east, reconnecting with U. S. 15 north of the town.

Members of the delegation urged that the by-pass not start for about half a mile closer to the town. They said that, from the point where the by-pass is now scheduled to cut from 15 at Toll Gate Hill, motorists won't even be able to see the town. But a half mile closer would bring traffic within visual distance of Emmitsburg.

Mr. Bucher said the commission representatives made no commitment but took the request under advisement. He pointed out that it made no difference as far as land ownership was concerned whether the by-pass started at the hill or a half-mile closer, saying it was all "school ground."

The commission officials said that before the by-pass can be contracted, another contract of several miles on the modernization of U. S. 15 between Thurmont and

FREDERICK CO. WILL SOON HAVE JUNIOR SCHOOL

The board of education announced this week an innovation in public education for Frederick County, Maryland, will soon be under way with the establishment of a junior college available to residents of the county who have completed the high school program. To be known as the Frederick Community College, the new institution will open for the first time for the fall semester, beginning September, 1957.

At a preliminary planning session held by a special committee to consider a public supported college program, a number of problem concerning the establishment of the new institution were explained. Among those of a pressing nature discussed by the committee were admissions to the college, groups to be served, program of studies, the faculty, facilities, tuition, scheduling, class size, standards and accreditation.

To Use High School

Attending the recent committee session at the school board office in Frederick were Dr. Harold D. Reese, supervisor of higher education, State Dept. of Education; Dean Atlee C. Kepler, of the Hagerstown Junior College; Mrs. Mary Frear Keeler, dean of the faculty, Hood College; Herbert N. Heston, assistant to the president, Hood College, and staff consultant to President Eisenhower's committee on education before the high school; Dr. Robert Weintraub, chief, physiology branch, crops division, Port Detrick, and education advisor for the Research Society of America; Harry V. Frushour, principal of Frederick High School; Charles E. Henson, principal of Lincoln School, Frederick; Duval W. Sweadner, supervisor of high schools for Frederick County, and Dr. James A. Sensesbaugh, superintendent of schools.

\$150 Tuition

Tentative plans call for the college to use the facilities of Frederick High School after regular school hours and on Saturdays. Financial support for the college will be a three-way proposition, jointly shared by the state, the county, and the student, each contributing approximately \$150 annually. In addition, the student will be required to purchase his own books and supplies.

The first phase of the college program will be designed to serve those students who wish to transfer to another college at a later date for completion of a degree. The curriculum is being planned especially to meet the needs of students wishing to continue in teacher education, general arts and science, and science specialization. Those who are interested in se-

OPPOSE CHANGE IN STATE LAW ON BRANCH BANKS

HARRISBURG (AP) - A special Legislative study committee today was reported ready to recommend that a controversial law dealing with establishment of branch banks remain unchanged.

A source close to the General Assembly's joint state government commission said the special committee felt the secretary of banking has enough authority to prevent inequities in branch banking.

Under the law, a bank may establish branches in its own counties or any contiguous county upon approval of the State Banking Board headed by the secretary of banking.

String Of Branches Philadelphia banks created the controversy in the past few years by establishing a long string of branch banks in Montgomery, Bucks and Delaware counties. Smaller banks in those outlying counties have contended they can provide whatever facilities are needed.

The source, who declined to be identified, told a newsman that the banking board had sufficient discretion under existing laws to be fair to both sides on the question.

The commission's six-member task force held a hearing last Nov. 29 which saw both sides of the question aired thoroughly.

The hearing took place after the committee gave up the idea of taking a public opinion poll to determine community attitude regarding establishment of branch banks and bank mergers.

The committee's recommendations are expected to be based in a large part on information developed by the Federal Reserve Bank of Philadelphia.

The committee is planning to make a special report dealing with statistical data relating to the branch banking and merger movements in Pennsylvania.

Gettysburg High School student councils in a project to raise \$625 to sponsor an international exchange student. The student councils asked financial aid of the members of the Association of Clubs in securing three bands for a proposed county-wide "Jam Session" to be held at Gettysburg High School April 26. The student councils plan to sell tickets to students of high schools throughout the county with the hope of raising a major portion of the \$625 for the exchange student in that fashion.

Next meeting of the Association of Clubs will be held April 17 at the Eagles home, Chambersburg St.

India Is Facing Economic Crisis

NEW DELHI (AP) - A sharp fall in foreign exchange resources has brought India one of its gravest economic crises.

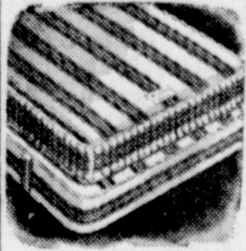

As a result the Nehru government has curtailed imports, especially of "luxury" items. Indians planning to go abroad are finding new restrictions on the amount of money they can take. Several key five-year plan projects have been set aside for the time being.

GOP PLANS NO OFFICIAL POLICY ON SHORTWAY

HARRISBURG (AP)—Speaker W. Stuart Helm (R-Armstrong) says the Republican party will adopt no official policy on the proposed Keystone Shortway between Stroudsburg and Sharon.

Helm added last night that no action was planned in the House "in the immediate future" on two opposing resolutions on the 21-mile highway proposal.

"We have two ideas before us right now and they require study," Helm said. "I don't anticipate any action in the immediate future."

The House Rules Committee, which includes Helm, has before it one resolution asking for House endorsement of the road and one asking the House to "deplore" the proposal. Both were submitted by Republicans.

Z. H. Confair, of Williamsport, chairman of the Keystone Shortway Assn., yesterday called on the committee to keep the anti-shortway resolution from going to the floor.

"Against Shortway"
He said to let the resolution out of committee "would look as though the Republican party is against the shortway. We know this is not true."

Confair said the shortway was endorsed by both gubernatorial candidates in 1954.

But Harry G. Garvin, chairman of the "Save Route 6" committee, said at Bradford that this was not so.

"It is the committee's understanding that any reference to the Keystone Route in the 1954 gubernatorial campaign was in contemplation of legislation actually passed in 1955 authorizing the Pennsylvania Turnpike Commission to build the route as part of the Pennsylvania toll turnpike system."

No Declaration
"To the knowledge of the committee there has been no official declaration by either party endorsing the Keystone Shortway as part of the federal interstate system."

The shortway as now proposed would be toll-free. It has been endorsed by Gov. Leader, the State Highways Department and the district director of the U. S. Bureau of Public Roads.

URGES HONEST UNION BALLOT

YOUNGSTOWN, Ohio (AP)—Don C. Rarick of McKeesport, Pa., who is seeking the presidency of the United Steelworkers Union in next Tuesday's election, called for "honest elections in all local unions" at a meeting in nearby Struthers last night.

He accused union leaders of holding "phony elections" and said USW President David McDonald, who is seeking re-election, had offered him everything but the international's treasury to get out of the fight for the presidency.

He added that many of his supporters had been offered high-paying union posts by McDonald.

Heads Protest
Rarick heads a dues protest committee which was formed last year after union dues were boosted from three dollars to five dollars a month.

He suggested a possible Senate investigation of the steelworkers union and said such a probe would "make the I.L.A. look like a Sunday School picnic." The International Longshoremen's Assn. has been the target of numerous investigations into alleged misconduct in union management.

He quoted McDonald as saying at a New Year's Eve meeting at the union president's home that he would "destroy anything that got in his way."

RUSSIA AGAIN SHIPPING ARMS TO EGYPTIANS

By JOHN SCALI

WASHINGTON (AP)—Russia is reported to have resumed arms shipments to Egypt in recent weeks in what appears to be a move to rebuild President Nasser's battered armed forces.

Top American officials who disclosed this today said, however, they could not be sure whether the shipments represent a new purchase or additional deliveries under a 250-million-dollar contract disclosed in September 1955.

There have been rumors, but no confirmation, of a second such deal.

The officials said they have evidence of deliveries of medium tanks, artillery, personnel carriers and probably jet fighters.

Great Secrecy
These weapons are understood to have been unloaded in crates from Communist ships amid great secrecy, mainly at the Egyptian port of Alexandria.

The new shipments all have arrived since the Mideast fighting ended three months ago.

Any new Soviet arms shipments to Egypt would be a violation of a United Nations Assembly cease-fire resolution, adopted Nov. 1, which called on all countries to refrain from introducing new war materials into the Middle East area.

To Build Tension
Nasser's acceptance of additional Soviet arms would be almost certain to add to Middle East tension at this time.

American authorities have been unable thus far to determine how much Soviet equipment has been delivered since the fighting ended. They agree that the new shipments thus far are not nearly as big as the original 250-million-dollar order.

The height from keel to the top of the mast of the U. S. Navy aircraft carrier Saratoga is equal to a 25-story building.
